We are happy that you have chosen to join us this morning. If you're a newcomer, please stop by our Welcome Table with the bright banner so we can answer any questions about First Parish or Unitarian Universalism.

[optional] We'd love to greet you more personally, if you are a new here. So I invite you to stand now, if you're willing, and share your name and where you're from.....

I ask you to please respect this sacred space and time by silencing your phones and other noise-making devices.

Let us worship together.
